INGROUND

BEST OF THE BEST

Patent # 5,155,872

ABOVE GROUND

Extruded Aluminum Corners
Extruded Aluminum radius corners integrate all corners of pool into a complete unitized construction.

Extruded Aluminum Bottom Rails
Complete bottom track and wall receiver, Extruded Aluminum channel , with Extruded Aluminum splice plates.

Extruded Aluminum Wall Construction
Self interlocking wall panels for unparalled structure strength. Entire inside pool wall completely smooth around entire perimeter. Prepunched 8" wide Extruded Aluminum panels for thru wall skimmer. Extruded Aluminum return flow panel included.

Premier Liner
Designer pattern, all American premium .020" vinyl hung liner for long life. Specially formulated, winterized and treated to resist fungus and mildew.

*Approximate calculations. Specifications subject to change without notice. These pools are designed for swimming only. They are not designed for diving, sliding or jumping.

WARRANTY
Limited 30 yr. warranty and customer service policy on pool wall and frame.

Distributor _____

Failure to comply with all safety signs and all pool safety rules may result in serious permanent body injury

Product Safety is the joint responsibility of the Manufacturer and End User (Consumer). Failure to comply with all caution signs and all pool safety rules may result in serious permanent body injury. These products are in conformance with the Voluntary approved Standards for Aboveground/On Ground Residential Swimming Pools. ANSI/NSPI-4 1999 or latest revision.

SAFETY PROGRAM
Each pool is supplied with an array of safety related pamphlets, signs and stickers. This material is provided to educate and remind all pool users of the extreme importance of safe conduct in and around the pool.
